TWIST & LOCK AERO COVERS

ROAD CHOICE® AERO WHEEL COVERS elevate the look of your truck while providing fuel savings that protect your bottom line. The Road Choice Aerodynamic Wheel Cover program offers a large selection of twist and lock dual wheel covers, including a variety of stainless steel options that are available with or without windows, clear polycarbonate and stealth black options that are also available with or without windows.

Our easy twist and lock feature requires no tool to install or remove covers and only takes 15 minutes for complete installation on a truck. You'll be able to protect your investment with our optional key locking system that's available on all covers.

AVAILABLE FOR:

- All rear tractors and trailers
- 22.5" and 24.5" rear wheels
- 6x2 or 6x4 rear tractors
- Dual aluminum and steel rear wheels

**WINNING
COMBINATION.**

Want to optimize your fuel savings?
Combine front and rear wheel covers!

TWIST & LOCK AERO COVERS

TWIST AND LOCK FEATURES:

- Test data shows 1 to 2% fuel savings with aero covers
- No tools required to install and remove covers
- Easy-on install and easy-off removal

SIMPLY TWIST AND REMOVE OR TWIST AND INSTALL

Push in the black button,
then push down on cover.

Rotate counter-clockwise
and remove cover.

ORDERING INFORMATION FOR REAR TWIST & LOCK COVERS:

IMPORTANT: When ordering rear covers, you need to know if your axle hub has 5/8" or 3/4" axle bolts.

* Minimum 3/8" excess stud required.

5/8" Axle Bolts

3/4" Axle Bolts

TWIST & LOCK AERO COVERS

ROAD CHOICE® AERO WHEEL COVERS are one of the only aerodynamic wheel cover options available with key locking to protect from theft. Made in America, our wheel covers feature a clear viewing window to allow for easy inspections without removing the cover.

Clear cover attaches to the bracket and completely floats - it does not make contact with the lip of the rim or wheel in anyway!

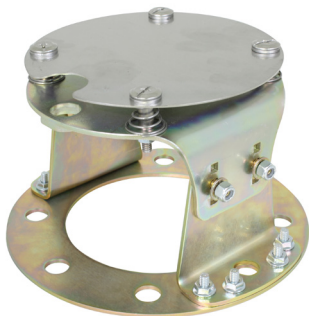

PREASSEMBLED BRACKETS

Available as part of a kit with wheel covers or as an add-on, our preassembled brackets allow you to install the complete kit on your truck in 15 minutes.

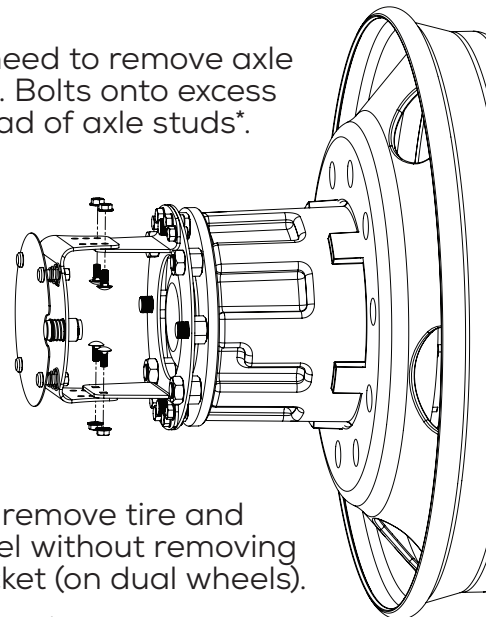

FRONT
Patent Pending

REAR

No need to remove axle nuts. Bolts onto excess thread of axle studs*.

Can remove tire and wheel without removing bracket (on dual wheels).

* Minimum 3/8" excess stud required

TWIST & LOCK AERO COVERS

REAR MIRROR STAINLESS WITH WINDOW

This wheel cover offers the best of both worlds: a lightweight stainless Aero Cover with high-impact, clear polycarbonate viewing window. Polished to a mirror shine, this cover allows for easy viewing of the truck's axle and lug nuts.
