ROAD CHOICE AXLE COVERS

CHROME AND 304 STAINLESS STEEL

ROAD CHOICE AXLE COVERS deliver both protection and appearance. Heavy-duty ABS chrome and high-grade stainless steel shield the hub from salt and debris while giving the axle a clean presentation that elevates the entire truck.

FEATURES AND BENEFITS

- **Premium finish** in both ABS chrome and true 304 stainless steel – no cheap blends, no thin plating
- **ABS chrome** features thick-wall, impact-resistant shells built for Class 8 abuse, not automotive retail
- **304 Stainless Steel** with a true mirror polish - not brushed, not cloudy to match OE-level show finish
- **Shields hubs and axle ends** from salt spray, gravel, and road grime reducing damage and corrosion
- **Clean, finished presentation** on drive and steer axles helps fleets project a premium image
- **Easy on / easy off serviceability:** designs allow technician access without destroying the cover

ROAD CHOICE AXLE COVER FULL CAB KITS

ROAD CHOICE AXLE COVER FULL CAB KITS are an instant visual upgrade that dresses the entire truck from steer to drive positions in one shot.

FEATURES AND BENEFITS

- **Complete appearance package in one box:** 2 steer and 4 drive covers matched for a consistent look
- **ABS chrome** is thick-wall, impact-resistant shells built for Class 8 abuse, not automotive retail
- **Multi-layer nickel and chrome plating** delivers a brilliant, uniform mirror finish on every axle
- **Simplifies ordering and stocking for dealers:** one kit dresses the whole cab instead of piecing parts together
- **Instant, up-sellable accessory bundle** that supports image, brand pride, and driver attraction/retention
- **Durable protective coverage** reduces visible rust on wheel ends and hubs, extending a truck's clean look

ROAD CHOICE HUB CAPS
CHROME AND 304 STAINLESS STEEL

ROAD CHOICE HUB CAPS are built for real Class 8 duty, not retail "dress-up." We combine high-impact, high-temp ABS chrome and true 304 stainless steel to deliver long-term shine, corrosion protection, and a premium finished look.

FEATURES AND BENEFITS

- **Premium finish** in both ABS chrome and true 304 stainless steel – no cheap blends, no thin plating
- **Proprietary multi-layer nickel and chrome plating** delivers a deep mirror gloss that lasts
- **High-temp, high-impact automotive-grade resin**, built to withstand heat cycles, debris, road salt
- **High Grade Stainless Steel** corrosion-proof material that will not orange, haze, or tarnish over time
- **Designed for long-term** appearance retention to keep trucks looking new and protect OE hardware
- **Direct-fit designs** make install fast for dealers and fleets, with no special tools required

ROAD CHOICE NUT COVERS
CHROME AND 304 STAINLESS STEEL

ROAD CHOICE NUT COVERS are the small detail that changes the whole wheel. We offer both ABS chrome and polished stainless options that protect hardware from corrosion and give every lug a uniform, high-gloss mirror finish that doesn't fade out after a few washes.

FEATURES AND BENEFITS

- **Chrome and polished stainless** to match any wheel program or branding standard
- **Proprietary multi-layer nickel and chrome plating** delivers a deep mirror gloss that lasts
- **ABS nut covers** are made from high-impact ABS that resists cracking and heat cycling from brakes and hubs in severe duty
- **Stainless Steel nut covers** are cut and polished from high-grade stainless steel, not low-grade blends, preventing zero rust bleed onto wheels
- **Protects exposed lug nuts** from corrosion and pitting, which helps service techs and keeps wheels looking uniform
- **Consistent visual look across the axle:** every nut looks brand new, even on older units
