ADD VALUE TO YOUR TRUCK AND TRAILER WITH ROAD CHOICE ALUMINUM WHEELS

- Increase overall fuel efficiency and pay load capacity by light weighting your vehicle with aluminum wheels over standard steel wheel options
- Cut maintenance costs and alleviate the need for refinishing steel wheels
- Optimized to provide twice the wheel fatigue life compared to competing 38 pound wheels
- Provides an upgraded aesthetic
- Program features a variety of lightweight options. A lightweight wheel reduces the weight of the vehicle which results in fuel savings. A lightweight wheel can also offset the additional weight of emissions equipment.

WARRANTY

All Road Choice Aluminium Wheels are covered for
5 years / 60 months

STEEL WHEELS

ROAD CHOICE® STEEL WHEELS are manufactured using quality materials, expert processes and refined workmanship to deliver durability and proven performance at one of the most competitive values available. Road Choice Steel Wheels are the lightest heavy-duty wheels in the market. A lightweight wheel reduces the weight of the vehicle, offsetting the additional weight of emissions equipment, which results in fuel savings for your fleet.
