

ROAD CHOICE ANTENNAS

ROAD CHOICE® CB ANTENNAS are built to withstand the tough environments. Manufactured in the USA, our antennas are embedded into the base, resulting in better flexibility and longer life.

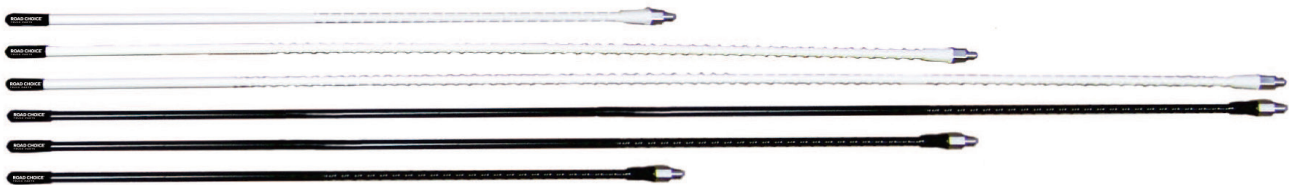

- All are pretuned by the manufacturer for maximum signal reception and transmission
- All are specifically designed to withstand breakage due to rough road conditions
- All include a “Weather-Band Frequency Trap” to receive signals for CB radios that have weather-band receivers
- All are 3/4 wave with a 1,000-watt power rating
- Competitive pricing
- 1-year/unlimited mileage full-replacement warranty
