

ROAD CHOICE BACK UP ALARM

ROAD CHOICE® BACKUP ALARMS feature a heavy-duty, rugged construction and are made to OEM specs. Our alarms provide outstanding value and optimum performance when compared to others.

FEATURES AND BENEFITS

- Adjustable 97-102 decibel output level with one beep per second
- 12- or 24-volt operation
- Rugged ABS, waterproof construction withstands pressure washing, harsh environments and impacts
- Stainless steel terminals resist corrosion; interior solid-state electronics are encapsulated in epoxy
- Very low current requirements make it an easy addition to electrical systems already loaded with accessories
- Compact size (4" W x 1 5/8" D x 2 3/4" H) and universal mounting design
- Built-in reverse polarity protection
- Conforms to SAEJ994 standards
- Competitive pricing
- 1-year/unlimited mileage full-replacement warranty
